Education

Bachelor of Computer Applications (BCA)

Galgotias University, Greater Noida, Uttar Pradesh

CGPA: 7.84/10

September 2023 – July 2026

Technical Skills

- **Programming Languages:** Python, Java, C/C++, JavaScript, HTML, CSS
- **Frameworks & Libraries:** React.js, FastAPI, Flask, Scikit-learn
- **Databases:** MySQL, MongoDB
- **Core Concepts:** Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP)
- **Tools:** Git, GitHub, VS Code, Microsoft Office (Excel, Word, PowerPoint)
- **Other Skills:** Problem Solving, Analytical Thinking, Debugging, Technical Documentation

Projects

Fake News Detection

[GitHub](#)

Python | Scikit-learn

- Built a machine learning model for fake news classification, achieving **98% accuracy** on the test dataset.
- Applied data preprocessing, TF-IDF vectorization, and Scikit-learn algorithms for feature extraction and model training.
- Evaluated model performance using classification metrics and improved prediction accuracy through feature engineering.

Employee Management System

[GitHub](#)

Java | Java Swing

- Developed a desktop application supporting full CRUD operations for employee record management.
- Designed an intuitive Java Swing GUI integrated with backend logic.
- Implemented structured data handling and validation for improved record management.

Spam Email Detector

[GitHub](#)

Python | Flask | Scikit-learn

- Developed a Flask-based web application for spam email classification using machine learning.
- Applied text preprocessing, TF-IDF vectorization, and classification algorithms for accurate prediction.
- Built a responsive web interface for real-time spam detection.

Certifications

- Google Android Developer Virtual Internship – AICTE & Eduskills Foundation (10 Weeks)
- Java Full Stack Virtual Internship – AICTE & Eduskills Foundation (10 Weeks)
- Entrepreneurship – NPTEL, IIT Madras

Achievements

- Solved 100+ DSA problems on LeetCode.
- Built 3+ Machine Learning projects.

Languages

English (Fluent) • Hindi (Native) • Japanese (Beginner)
